

Maruzen Pharmaceuticals Co., Ltd.  
Head of Public Relations, Emergency Response Headquarters

**Notice on Business Continuity Activities Following the Activation of the Business Continuity Plan (BCP)**  
*(Second Report)*

We would like to report the subsequent status regarding the tank explosion and fire accident that occurred at the Miyoshi Factory (Miyoshi City, Hiroshima Prefecture) of Maruzen Pharmaceuticals Co., Ltd. on April 28, 2026. The fire was extinguished at 2:38 PM.

It has been confirmed that five external contract workers were injured in this accident. However, none of the injuries are life-threatening.

The equipment involved in the accident were an ethanol tanks located within the factory premises. At the time of the incident, work related to the construction of a new manufacturing building was being carried out.

At present, no impact on the surrounding environment has been confirmed.

The Company is currently cooperating with the relevant authorities to investigate the cause of the accident. Any potential impact on product supply is under assessment at this time.

We sincerely apologize to local residents and all related parties for the significant concern and inconvenience caused.

Should any new information requiring disclosure become available, we will promptly provide further updates.
